BIO

Since 2002 **Senza Confini Di Pelle** works in the field of performing arts through national and international cross- disciplinary projects of research and production. In 2011 the company made a tour in USA, where it played his show “15 Landscapes” in two theaters in NYC, it performed inside the Annual American Geography Meeting in Seattle and it taught a workshop about performance at the University of Washington Bothell, where it was in residency. In 2011, with the international project Add Up, it starts a collaboration with several artistic groups and residency places like San Paolo – Brazil, Kuhlungsborn - Germany and Italy.

In 2013 “Add Up Space and Power” is one of the 3 choreographic projects selected by “Metamorphoses”, a project with the support of the Culture Program of the European Union and initiated by La Briqueterie/CDC Val de Marne (Vitry sur Seine, France), Les Brigittines – Contemporary Art Center for Movement (Bruxelles, Belgium), Centrum Kultury Zamek (Poznan, Poland).

ARTISTIC STATEMENT

We live performing art as an evolution opportunity, an instrument of analysis and increasing of personal and social capacity of contemporary man.

We live art as a question to which we cannot answer but it stimulates our critical sense toward the human being and acting.

We live body movement as a push upwards, towards the flight: the feet are sunk into the earth to have a stable support on which pander to the upward movements of the heart.
